CERTIFICATES

- An Introduction to AI & Emerging Technologies**

Issued by atingi (GIZ – Federal Ministry for Economic Cooperation and Development)

WORK EXPERIENCE

Syntecxhub

Jan 2026 – Feb 2026

Web Development Intern

- Developed full-stack applications using MERN architecture
- Built responsive UI with React and Tailwind CSS
- Designed REST APIs using Node.js and Express
- Modeled and managed MongoDB databases
- Collaborated using Git-based agile workflow

Euroweb digital

FEB 2025 – APR 2025

Web Developer

- Developed a full e-commerce website using WordPress and the Divi theme.
- Designed user interfaces and optimized pages for mobile responsiveness.
- Collaborated remotely with the company team for feedback and improvements.
- Gained experience in website deployment and client-based customization.

Diva's Bloom: E-commerce Website (PFE)

MAY 2025

Technologies: PHP, MySQL, HTML, CSS, JavaScript, Bootstrap

- Designed and developed a complete online cosmetics store with user authentication, cart management, and order processing.
- Built an admin dashboard for managing products, categories, and customer data.
- Focused on elegant interface design and responsive user experience.
- Delivered a full technical report with UML diagrams and documentation.

Other Projects

Technologies: Next.js, React, HTML, CSS, JavaScript, Node.js, Express.js, MongoDB, MySQL

- Designed and developed modern, responsive, and visually engaging web applications.
- Worked on both frontend and backend development, building complete full-stack solutions.
- Developed interactive user interfaces using React and Next.js with reusable, scalable components.
- Built backend services and RESTful APIs using Node.js and Express.js.
- Integrated databases (MongoDB, MySQL) for data management and application logic.
- Implemented clean UI systems and smooth user interactions to enhance engagement.
